

Products reach regional distribution centres or arrive direct-to-store faster, cheaper and more safely through the strategically located Halifax Gateway.

The **Halifax Gateway** is strategically positioned on the east coast of North America. Since the mid-eighteenth century, the region has been a gateway for the movement of trade and people. The **Gateway** is comprised of the Halifax Stanfield International Airport, the Port of Halifax, 2 container terminals, CN Rail, a strong logistics and warehousing sector and excellent class 1 highway infrastructure.

Strategically Located for Success

- The Atlantic Gateway - Halifax Logistics Park is perfectly positioned to handle all your transload and warehouse needs.
- Located in Burnside Park - the largest business park north of Boston and east of Montreal
- 10 to 15 minutes to the urban centre of Halifax, the Halifax Stanfield International Airport, and the Port of Halifax
- The logistics park is just minutes away from the Canada Border Services Container Inspection Station
- Established facilities offer extensive cross-docking capabilities for efficient consolidation of shipments from 40 ft. containers into 53 ft. trailers

Expertise You Can Count On

- When you transload your product through the Halifax Gateway it reaches regional distribution centres or arrives direct-to-store faster, cheaper, and more safely.
- Our infrastructure makes it easy to unload, sort, and transfer imports for local distribution, and reload exports.
- And the drayage service to and from the port means faster turnaround, with lower costs and improved transit times.

From Here to Everywhere

In today's global marketplace, nothing gets products to customers faster, safer, or more securely than transloading. It provides a vital competitive edge in the supply chain for many of today's retailers, importers, exporters, and business owners. Strategically located in the heart of the Halifax Gateway, the **Atlantic Gateway-Halifax Logistics Park** is the right choice for your global transload operations.
